

**Does your dog or cat have bad breath? This may be a sign of dental disease. The American Veterinary Dental Society recently estimated 80% of dogs and 70% of cats show signs of oral and dental disease by age 3.**

In honor of National Pet Dental Month, **Phoenix Mountain Animal Hospital** is offering a **discount** on all dog and cat dental procedures. A dental procedure includes cleaning & polishing of the teeth as well as any necessary tooth extractions. The discount is 20% off of everything except for the bloodwork and the medications the doctor may prescribe.

Look at these before and after pictures to see how beneficial a dental cleaning can be for your pet's teeth and their overall health:

To schedule your pet's dental cleaning or if you have any other questions please call us at **602-595-6116**.
